ASSIGNMENT AND RELEASE (Sign below to allow us to file your insurance)

Medicare and most medical insurances do NOT pay for routine vision examinations or refractions (to determine prescription for glasses). If refraction is necessary or requested during the exam, these insurances will disallow it, stating it is a non-covered service. Therefore, the patient will be responsible for the refraction charge. The refraction charge is **\$50**. If by chance your insurance does pay, we will refund that money to you.

The practice of waiving deductible and coinsurance amounts is illegal. I understand I am responsible for these payments.

I, the undersigned, certify that I (or my dependent) have insurance coverage with the companies provided and assign directly to Treasure Coast Eye Associates all insurance benefits, if any, otherwise payable to me for services rendered. I understand that my insurance contract is between me and my insurance, not Treasure Coast Eye Associates, and I am responsible for all charges whether or not paid by my insurance. If my insurance has not reimbursed this office in full within 90 days, I will be billed the outstanding balance. A 1.5% interest charge will be assessed monthly thereafter for past due balances. I authorize any holder of medical information about me to release to the Health Care Financing Administration and its agents any information needed to determine these benefits payable for related services.

ROUTINE VS MEDICAL EYE EXAM:

- A routine eye examination is defined by insurance companies as an office visit for the purpose of checking vision, screening for eye disease and updating eyeglasses and contact lens prescriptions.
- A medical eye examination is defined by insurance companies as an office visit for the purpose of assessing, diagnosing, and/or treating an eye problem.
- A refraction is a part of an eye exam that determine your prescription. This service has a fee of \$50 if it is not covered under the insurance provided.

If any medical eye complaints are addressed, pharmaceutical prescriptions are written, referrals for surgery or letters to other physicians are sent, your visit will be billed to your medical insurance as is required by our insurance contracts.

Please sign below that you have read and understand the statement above.

RETINAL HEALTH SCREENING TESTS:

Treasure Coast Eye Associates takes pride in offering advanced eye care technology. The doctors recommend this test below at your annual eye examination. This test is NOT covered by insurance plans.

YES / NO Digital Retinal Imaging **\$30** (please circle YES or NO for your answer)

Recommended for NEW or ESTABLISHED patients each year

Computerized imaging of the eye that allows instant viewing of the retina and optic nerve. These images are stored permanently and compared against any changes in the future.

CONTACT LENS SERVICES

Contact lenses are Class II medical devices regulated by the FDA which require ongoing evaluation to ensure safe and comfortable wear. This service is separate and in addition to your comprehensive eye health and vision examination and includes:

- Contact lens insertion, care, and removal training
- Trial lenses to establish a good fit
- Evaluation of the fit of current or new lenses on the eye
- Evaluation of corneal, conjunctival, and eyelid health as related to contact lens wear
- Progress checks related to contact lens comfort and vision for 60 days following evaluation and/or fitting of lenses
- A contact lens prescription. The contact lens Rx will be dispensed to the patient once the fit is finalized by the doctor.

Contact lens service fees are charged annually and the global fee includes a limited number of progress checks.

Evaluation Fees are as follows:

<u>Type of evaluation</u>	<u>Cost</u>	<u># progress visits included</u>
Soft Spherical Single Vision	\$79	1
Soft Toric Single Vision and/or Monovision	\$99	2
Soft Multifocal	\$119	2
Rigid Gas Permeable Single Vision	\$119	2
Rigid Gas Permeable Toric/Bitoric or Monovision	\$139	2
Rigid Gas Permeable Multifocal	\$169	3
Specialty Contact Lens Fits	\$250.00+	unlimited for 60 days

I have read the above and understand the following:

**These fees are for the contact lens evaluation ONLY and DO NOT include any supply of contact lenses. Some or all of these fees may be covered by a vision plan or medical insurance which we will file for you, but these fees are ultimately the patients responsibility.

**The follow-up period for progress checks and finalizing a contact lens prescription is 60 days. Any follow-ups needed in addition to the included visits during those 60 days will be charged a \$35.00 per visit fee.

**Every possible effort will be made to see that you are a good candidate for contact lens wear, however, situations arise that may preclude you from wearing lenses. There are NO REFUNDS on services.
